Objectives of the Program:

1. Teaching of the Greek Language
2. Contact with the Greek Orthodox culture and the history of our district
3. Acquaintance with the Greek tradition, local customs and habits
4. Visits to historical monuments, temples and monasteries
5. Wonders in the natural beauties of the surrounding area

Comments:

- Assistance will be provided for the issue of educational or cultural visas to participants in order to reduce travel costs.
- Invitations will be sent for students and professors in order to get from their educational organizations part or total return of the participation cost.
- Certification of attendance will be given.
- All possible assistance will be offered to find a place of accommodation appropriate to the needs and financial possibilities of the participants.
- There will be meals at a very low price from a restaurant in the area.
- There will be printed and electronic material on the possibilities of moving around as well as information about the wider area.
- Free beverage and snacks will be provided at the break time during the days of the courses.
